

Senior Service Engineer

Package: Competitive salary plus vehicle and discretionary bonus

Site-based Senior Service Engineer.

Nikken Kosakusho Europe Ltd is a leading supplier of world-class precision engineering products such as CNC Rotary Tables, NC Tooling Solutions, Tool Presetters and Spindle Optimisation Solutions. Our elite product range makes us the number one choice for Precision manufacturers, Original Equipment Manufacturers (OEMs) and Tier One suppliers operating in high value manufacturing environments.

We are currently seeking an experienced Service and Installation Engineer to prepare, install and maintain our range of rotary tables on customer sites throughout the UK and occasionally Europe. The role is home-based / at customer sites, but you will be required to report as and when needed to the Rotherham office.

The role would suit a time served Engineer educated to HNC level (or similar) in Electrical Engineering, who has the ability to carry out Mechanical repairs to a high level of accuracy. The role is a varied and challenging position in a fast-paced environment.

To be successful in this role, you will already have Machine tool industry experience and be familiar with the standard controls, drives and motors such as Fanuc, Heidenhain and Siemens is preferred. In addition, the ideal candidate would have a proven track record of successful fault finding and repair on customer sites and electrical installation experience, which would ideally include the fitting of additional axis capability to existing machines. You will also be confident in speaking to people and will have strong verbal and written communication skills.

In return, NIKKEN offers exceptional working conditions, a great package including fully expensed company vehicle, laptop, mobile phone and a discretionary performance bonus as well as pension and an opportunity to progress as we grow. On the job and in house training will also be provided and may include European travel for training courses on our range of tool presetter machines.

To apply, please send your CV and your interview availability to careers@nikken-world.com. Alternatively, you can send your CV to NIKKEN Careers, Precision House, Mangham Way, Barbot Hall Industrial Estate, Rotherham S61 4RL.
